Ease of Use

- Dimmable with low-voltage electronic dimmer
- Rotates in any direction

PHILIPS

Highlights

Innovative LED technolog

The PowerLED module foreseen in this Philips light fixture offers great strong light output using a minimum of energy with a maximum of efficiency.

Warm white light effect

Light up your home with warm white light. Philips introduces a generation of warm white high power LEDs. This innovation brings our lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient. As a result, every

lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long life of at least 50,000 hours.

Dimmable

This fixture is compatible with a low-voltage electronic dimmer.

Rotates in any direction

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the fixture.
